

# NEWSLETTER No. 01/17

Celle, 24th March 2017

The [Vespa World Days 2017](#) [#vwd2017] will start in Celle in less than 100 days. The preparations are running at full speed. The [Vespa Club Celle](#), along with the [VCvD](#), are looking forward to welcoming over 5000 guests from 22nd to 25th June 2017.

## VESPA VILLAGE

The Vespa Village will be at the youth and culture centre of the former [CD-Kaserne](#) in the middle of Celle. On an area of more than 25000m<sup>2</sup> there will be secure parking, a dealer's area, a tent for the gala dinner, food and drink as well as plenty of space to meet or get to know friends from the scooter scene.

The aim of the Vespa Club Celle is to address all scooter drivers: Scooterboys or Mods just as much as the modern scooterists with models such as a Vespa GTS 300. Families are just as welcome as all "old-timers" who arrive on their models from the fifties and sixties.

A camping area with 14000m<sup>2</sup> for families, and those guests who wish for slightly more peace, will be set up near the village. As well as showers and toilets there is also the possibility of chatting with others.

## VESPA MUSEUM

Where otherwise horses can be found, in the old horse boxes of the [Landgestüt Celle](#), the Vespa museum will find a temporary home. A history of the Vespas produced in Germany can be seen there - from the first models built by Hoffmann in 1959, via Messerschmitt to Vespa GmbH Augsburg. There will also be more information to be found there and stories to be read.

The question if to register or not is not really a valid one. Registering for the Vespa World Days is a duty, as the alternative as a day guest is not an alternative.
